RESPONSE

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the Office Action mailed August 17, 2001, Applicant submits the following remarks.

Remarks

A terminal disclaimer with respect to U.S. Patent Application No. 09/800,408 is submitted herewith. The application is not amended.

Claims 1-13 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over copending Application No. 09/800,408. The rejection asserts that the claims of the claimed invention are not patentably distinguishable over the claims of copending Application No. 09/800,408.
